OFFICE OF THE CONTROLLER OF CIVIL SUPPLIES IN MYSORE, BANGALORE.

Notification dated 28th— 31st July 1952.

No. 6678. From the original and copies of invoices produced in this office by the Nominees, wholesale merchants and others, alongwith the relative Railway Receipts and/or Parcel Way Bills, it is seen that in several instances the net value of the goods (*i.e.*, ex-mill value less rebate) has been mentioned in the invoices instead of showing separately the ex-mill value and the rebate, if any, obtained. Since centage at ½ per cent is recoverable on the ex-mill value of the goods and not on the net value, all the Nominees, wholesale merchants and others purchasing Free Sale goods outside the State, are hereby requested to obtain from the Mills, Mill agents or other merchants, as the case may be, from whom they purchase Free Sale goods, invoices clearly indicating the ex-mill value of the goods and the rebate, if any, granted and remit centage at ½ per cent calculated on the ex-mill value of the goods.

Railway Receipts and/or Parcel Way Bills which are not accompanied by the relative invoices prepared as above are likely to be delayed and this office will not hold itself responsible for any loss or damage caused to merchants on account of omissions on their part.

Instructions to Middle School Teachers.

This is a course useful to all girls in the running of a home. Many girls drop out of the Middle School, because of inability to pay their way through the High School. This course is meant to guide them on to ordinary house-wives.

This course begins with the elementary principles of needle-work. It is very essential that these children be given a thorough training in manipulating the various stitches.

In garment-making they should be taught to give a neat finish, to attach the buttons and hooks and eyes as well as the press buttons correctly. The Bias Facing is the *only* correct method for attaching a neck band; this should be *very* strictly adhered to. It has been noticed that even in the public examinations, examiners allow for just as much cloth as is necessary for cutting out the garment and that the children are not given the option to cut out cross bands even if they know how. The principles of correct teaching should be the aim of every teacher, but this is all the more necessary in the Middle School as it is there that children start developing correct habits with an understanding that they lacked while in the primary grades.

It is here that children will learn to develop a taste for Needle-work and will become successful needle-women and the responsibility of the teacher is very great. She has to be sourceful and thoughtful guiding the young mind along the path of accuracy and thrift.

This syllabus allows a great deal of scope for originality and it should be the aim of teachers to guide children in their originality and not force their own ideas on them as far as possible.

MISCELLANEOUS DEPARTMENTS

OFFICE OF THE CONTROLLER OF CIVIL SUPPLIES IN MYSORE, BANGALORE.

Notification dated 28th— 31st July 1952.

No. 6678. From the original and copies of invoices produced in this office by the Nominees, wholesale merchants and others, alongwith the relative Railway Receipts and/or Parcel Way Bills, it is seen that in several instances the net value of the goods (*i.e.*, ex-mill value less rebate) has been mentioned in the invoices instead of showing separately the ex-mill value and the rebate, if any, obtained. Since centage at ½ per cent is recoverable on the ex-mill value of the goods and not on the net value, all the Nominees, wholesale merchants and others purchasing Free Sale goods outside the State, are hereby requested to obtain from the Mills, Mill agents or other merchants, as the case may be, from whom they purchase Free Sale goods, invoices clearly indicating the ex-mill value of the goods and the rebate, if any, granted and remit centage at ½ per cent calculated on the ex-mill value of the goods.

Railway Receipts and/or Parcel Way Bills which are not accompanied by the relative invoices prepared as above are likely to be delayed and this office will not hold itself responsible for any loss or damage caused to merchants on account of omissions on their part.

OFFICE OF THE CONTROLLER OF CIVIL SUPPLIES IN MYSORE, BANGALORE.

Notification dated 28th—31st July 1952.

No. 6678. From the original and copies of invoices produced in this office by the Nominees, wholesale merchants and others, alongwith the relative Railway Receipts and/or Parcel Way Bills, it is seen that in several instances the net value of the goods (*i.e.*, ex-mill value less rebate) has been mentioned in the invoices instead of showing separately the ex-mill value and the rebate, if any, obtained. Since centage at ½ per cent is recoverable on the ex-mill value of the goods and not on the net value, all the Nominees, wholesale merchants and others purchasing Free Sale goods outside the State, are hereby requested to obtain from the Mills, Mill agents or other merchants, as the case may be, from whom they purchase Free Sale goods, invoices clearly indicating the ex-mill value of the goods and the rebate, if any, granted and remit centage at ½ per cent calculated on the ex-mill value of the goods.

Railway Receipts and/or Parcel Way Bills which are not accompanied by the relative invoices prepared as above are likely to be delayed and this office will not hold itself responsible for any loss or damage caused to merchants on account of omissions on their part.
